

DAMERELL INSTRUCTIONS

1. A FIXED APPLIANCE THAT STAYS ON THE ROOF OF YOUR MOUTH TO MAINTAIN EXPANSION AND/OR PREVENT THE UPPER FIRST MOLARS FROM MOVING FORWARD. (OFTEN HELPS AVOID THE USE OF HEADGEAR)
2. WHEN BRUSHING, BRUSH AROUND BRACES, WIRES AND TOP OF BUTTON, BUT DON'T CLEAN UNDER THE BUTTON ON THE PALATE, WE WILL CLEAN IT WHEN YOU COME IN! WE HAVE FOUND THAT WHEN PATIENTS CLEAN UNDER THE BUTTON THEY FREQUENTLY BEND THE APPLIANCE AND RENDER IT INEFFECTIVE.
