

## SEPARATORS

- SEPARATORS CREATE SPACE BETWEEN THE TEETH SO WE MAY FIT BANDS AROUND YOUR BACK TEETH OR RECONTOUR YOUR TEETH.
- THEY FEEL LIKE FOOD THAT IS LODGED BETWEEN YOUR TEETH.
- DON'T PICK THEM OUT.
- DON'T FLOSS WHERE SEPARATORS ARE LOCATED.
- STAY AWAY FROM STICKY OR CHEWY FOODS LIKE GUM OR CARAMEL.
- THEY MAY CAUSE YOUR TEETH TO TEMPORARILY BECOME MORE CROOKED OR SPACED OUT.
- ALL SEPS NEED TO BE IN CONTINUALLY FROM PLACEMENT UNTIL YOUR NEXT APPOINTMENT. SO PLEASE CHECK THEM DAILY.
- IF ONE FALLS OUT, YOU CAN EITHER REPLACE IT YOURSELF USING THE KIT PROVIDED OR CALL AND COME IN AND WE'LL REPLACE IT. IF YOU ARE UNSURE CALL AND COME IN.
